Pick-O-The Patch SPECIAL

FRUIT COCKTAIL TREE

Just think of it! An entire Fruit Cocktail of five different, delightfully delicious fruits growing on a single tree in YOUR yard. Imagine the thrill of picking big yellow-meated peaches; large, sweet-fleshed plums; tasty, tree-ripened cherries; rich colored, fine flavored apricots and that delectable cross between the peach and the plum—the nectarine, all from the FRUIT COCKTAIL TREE in your own yard. Give your family all the healthful fruit they can eat, fresh tree-ripened fruit far richer in vitamins and minerals than you can buy canned. Think of making with fruit you grew yourself, mouth watering pies, cobblers, desserts, home canned fruits, jams, jellies and preserves. Follow the simple directions and they will bring praise from your family and friends.

If you have a limited amount of space, want a variety of fresh fruits for your table, or want an unusual nov-

ely planting that will be the center of attraction in your yard—then this is the tree for YOU. This combination of five different fruits developed to give you the utmost in quality and five different leaf patterns to give you striking individuality and enhanced beauty can be yours. Pick a Fruit Cocktail from your own tree. Buy it! You'll agree, Ozark's FRUIT COCKTAIL TREE is truly the miracle of the century.

Ozark's NEW & IMPROVED PEACH VARIETIES

HOME GROWN —
TREE RIPENED FRUIT
TASTES BEST

BELLE OF GEORGIA

The favorite white Peach from coast to coast. A heavy producer of large, creamy white Peaches with a red blush. Its excellent flavor makes it a favorite with both home and commercial growers. We highly recommend this freestone Peach that ripens around July 30th.

J. H. HALE

A giant size Peach with an enticing flavor and attractive yellow flesh that looks the prettiest canned of any Peach you have ever seen. Very firm meat and stands long shipments. Heavy bearer and a good grower. Why not profit with a Peach that brings highest prices? Freestone, ripening August 1st.

HALE-HAVEN

This outstanding Peach has proven so valuable for both home and commercial orchards that we have a large acreage in our own commercial orchards. Splendid for canning. A heavy producer of large, beautifully colored, yellow-fleshed Peaches with a delicious flavor. Extremely hardy. Freestone, ripening July 20.

CHINESE CLING

A huge, round, white Peach with a juicy, yet rather firm flesh. Its flavor is unique and far surpasses all other white Peaches for canning or freezing. Each year we have more and more calls for this Peach at our own commercial orchard. Ripens about July 25th.

NEW OZARK INTRODUCTIONS

BEAR YOUNG — HEAVY PRODUCER — ORCHARD TESTED AND PROVEN

GOLDEN HONEY Another one of Ozark's new and improved fruit sensations. The best and most deliciously flavored Peach ever grown. For years Ben Davis strived to produce a premium Peach, and he felt this was the climax of his career. Golden Honey is a sweet, rich yellow Peach with rosy red cheeks and yellow flesh that looks extremely beautiful canned in glass jars. **PRICES:** 6-8 ft., \$2.35; 4-6 ft., \$1.95; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

HEAP BIG INDIAN. Ben Davis found this grand Peach as a seedling in an Indian's yard in Tahlequah several years ago. After seeing its immense size and tasting its flavor, he immediately decided this Peach must be propagated. After thoroughly testing Heap Big Indian, we found it had absolutely no weakness and was the largest Indian Peach we had ever seen. Wonderful for Peach pickles. Ripens about August 1st.

PRICES: 6-8 ft., \$2.35; 4-6 ft., \$1.95; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

GOLDEN JUBILEE

A beautiful yellow freestone Peach ripening about July 15th. One of the best shippers among the early varieties. Its good flavor and size plus its excellent quality make it a favorite for both commercial and home planting.

REDSKIN PEACH

A Peach with a luscious, juicy flavor so rich and distinctive that it's more than just a taste. This new, beautifully colored red Peach is another big step in our constant effort to achieve new and better varieties for you. A freestone Peach with giant size and glorious color. Ripens a few days after Elberta.

ELBERTA

The sensational money-maker of all times. More popular and widely planted than any other Peach. Fills millions of jars every year. You can't go wrong with Ozark's improved strain of this grand old favorite. In fact, we like it so well, that over 210 acres of this variety is in our own commercial orchard. Freestone, ripening August 5th.

EARLY ELBERTA

A large smooth-skinned Elberta without the bitterness. Almost identical in form with Elberta, but ripens about three weeks earlier. A strong growing and good bearing tree with fruit of a smooth rich flavor and good shipping qualities. Freestone.

Ozark FULL FLAVORED PLUMS

AMERICA. Extremely attractive for market with its golden yellow color and cherry-red cheek. A heavy bearer that produces sweet, juicy, solid Plums of high quality. Wonderful for canning, Plum butter, preserves and jelly. Very hardy, large, vigorous trees. Ripens in July.

BRUCE. The South's best red Plum, ripening in June. Grand for jellies and jams. A healthy tree that bears young and produces huge fruit. Strong, healthy grower and a sure cropper.

DAMSON. Extremely heavy producer that grows any-

where. Fruit is deep purple, rich and juicy. Very hardy, vigorous and easy to grow. Good for jams, jellies and preserves. Big profit maker for commercial growers too. Ripens in August.

GOLD. A golden yellow Plum with a luscious flavor. This hardy bearing tree ripens in July.

BURBANK. A fine eating Plum that ripens about June 25th. This very prolific variety is large and is purplish-red with deep yellow delicious flesh. Burbank is an excellent commercial Plum and sells in the fancy fruit class.

FIG — PERSIMMON

OZARK'S EVERBEARING FIG

Eat Figs this summer from your own trees. Yes, you can have big, soft, fresh, delicious Figs from July to frost the first year with Ozark's Everbearing Figs. Hardy and produces abundant crops. They should be protected during the first and second year's growth in the colder areas. Very sweet, and tops for preserves.

PRICES: 18 to 24 in. Bearing Size, 98c. 2 to 3 ft. Jumbo Size, \$1.49

JAPANESE PERSIMMONS

A very hardy variety with a most delicious flavor. The tree is very attractive with large, green, waxy leaves similar to a Magnolia, but literally covered with big orange-red Persimmons that hang until soft ripe. In the fall the leaves turn all shades of lovely colors. If you want a tasty treat, plant some Jap Persimmons

PRICE: 4 to 5 ft., \$1.98

APRICOTS & NECTARINES

APRICOTS

EARLY GOLDEN APRICOT The best variety for Oklahoma, with a tantalizing rich golden color, light blush. The finest, fresh canned or frozen. 6 to 8 ft., \$2.50; 4 to 6 ft., \$1.89; 3 to 4 ft., \$1.50; 2 to 3 ft., \$1.25.

MOORPARK. Produce good crops almost every year. Thoroughly adapted to our climate. Produces big, juicy, delicious, orange-yellow fruit. The leading commercial Apricot. 6-8 ft., \$2.50; 4-6 ft., \$1.98; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

NECTARINES

SURE CROP. A plum and Peach cross with the smooth skin of a Plum and a seed like a Peach. Has a beautiful dark red color and an unusually pleasing flavor. Is a freestone, bearing after the second year. A splendid fruit for canning, eating and cooking. Also its big, beautiful, pink blooms in the spring make it an ideal ornamental tree. You can't afford to be without one. 6-8 ft., \$2.50; 4-6 ft., \$1.98; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

HOWARD'S MIRACLE

THE MOST SENSATIONAL FRUIT OF A DECADE

The tantalizing and delicious flavor, the great size, the firm amber flesh, combined with the red and yellow color, places "Howard's Miracle" in a class by itself. Those fortunate enough to have eaten this fruit say the taste is like Pineapple, others compare the taste to a Peach, Plum and Nectarine combined.

Has excellent keeping qualities and makes delicious preserves. Fruit is large, averaging from 2 1/2 to 2 3/4 inches in diameter. Fast growing and quick bearing trees. An ornamental tree of medium size. Bears through June and July.

RED JUNE GOLDEN DELICIOUS

WINESAP LODI

FALL VARIETIES

DOUBLE RED JONATHAN. A bright red Apple of excellent quality and tender, juicy, spicy-rich flavor. Grand for eating fresh, but yet contains enough acid to make it fine for cooking. Splendid family orchard variety and highly profitable for market. Very productive and bears young. Ripen in August.

GRIME GOLDEN. A famous spicy Apple that is wonderful for eating fresh and contains just enough acid to make it fine for cooking. Excellent for pies and Apple butter. Known as the "Queen of Quality" and probably the best all-around Apple. A grand commercial Apple and the choice for home orchards.

WINTER VARIETIES

DOUBLE RED DELICIOUS. The red Apple that is superior to all others for quality. Deemed the Red Apple King from coast to coast. Has never been equaled for magnificent color, mammoth size, crackle-crisp flesh, and deeply exciting sugar 'n' spice flavor. A consistent and heavy producer all over the United States. Ripens in September.

GOLDEN DELICIOUS. Famous for its unique quality. This big, beautiful golden Apple has a luscious flavor that no one can resist. Bears young and heavily. In demand on every market and brings highest prices. The best of the Delicious varieties for the Southwest.

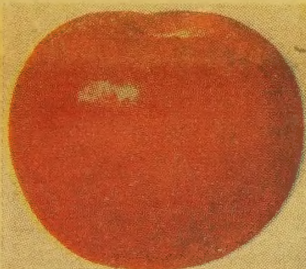

WINESAP (IMPROVED). One of the oldest and most popular Apples. A wonderful eating and cooking Apple. Noted for its keeping qualities. This improved strain has more rich red color, larger size and even longer keeping ability. A heavy and regular producer.

SWEET CHERRIES

BLACK TARTARIAN. Large, delicious and purplish black when fully ripe. Very good quality for Sweet Cherry and a regular bearer. Early and exceptionally productive. Fine for eating pies, canning and freezing.

GOLDEN SWEET. Hardest yellow Sweet Cherry ever developed. Like nuggets of glowing gold, with a luscious, spicy flavor that melts in your mouth, and honey-clear beauty that "sings out" on the table. A heavy producer that is fine for fancy desserts. Hardest of all Sweet Cherries.

PIE CHERRIES

EARLY RICHMOND. The earliest of all red Cherries and by far the best variety for the Southwest. The fruit is bright red, juicy and just hangs in clusters, making it easy picking. A strong, healthy grower that often bears the next year after planting. Unsurpassed for pies and jams. Sure producer.

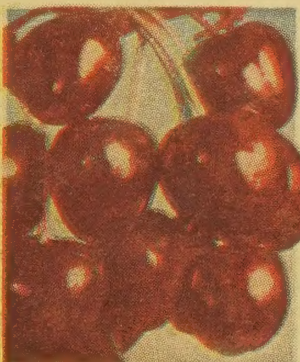

MONTMORENCY. Montmorency has a reputation that speaks for itself. Large, bright red, with firm flesh. Bears young, excellent for jams, jellies and pies. Colors early before ripe—a great advantage in shipping.

The Best PEAR Varieties

BARTLETT. An ideal Pear to add beauty and mouth-watering fruit to your garden. Bartlett has a beautiful golden yellow color with a slight blush of red. Rich, juicy flavor with a smooth and luscious flesh. The Pear suited for every need. Eating, canning, preserving, good for shipping and winter storage.

DOUGLAS PEAR. A gorgeous golden colored Pear with melon, sweet, juicy white flesh. A handsome Pear of medium size that generally bears the first year. Immune to frost, very resistant to blight and stands dry weather well. A Pear that should be in your planting.

KIEFFER. A sure bet for heavy, consistent crops of large, yellow, white-fleshed Pears adapted to all sections. Excellent for cooking, good for winter storage and very sweet and mellow to eat after being picked for a while. Tree very hardy and amazingly vigorous. Plant Garber with it for pollination.

SURE CROP PEAR. The only Pear to have all the best qualities of Pears combined into one. Its delightful flavor pleases every taste, and many women have said it is tops for canning and preserving with a small core and no waste. This is not all, it stores well, hauls well, and it is good to eat juicy ripe. Each year there has been a strong demand for these Pears on the market. By far more resistant to blight than any other variety. Vigorous grower. Try some.

BEAUTY BUSH

This charming shrub is magnificent as a specimen, in group planting or for an untrimmed hedge. In the spring, the graceful arching branches are completely covered with lovely pink blossoms, delightfully fragrant. Grows in ordinary soil in sun or part shade. Will be a beauty spot in your yard.

CARDINAL SHRUB (Weigela Vanicekl)
When the Cardinal Shrub was introduced it was so unusual, so outstanding, so spectacular, that everyone who saw it absolutely had to have a Cardinal Shrub in his own yard. It is hardy throughout the United States and blooms the first year. Produces in abundance, large red trumpet-shaped flowers in spring, summer and fall.

Lovely, large, double, white flowers in great profusion in May-June and through the summer. Deliciously fragrant. Makes a neat, graceful and very beautiful bush. 6 to 8 feet tall

KERRIA JAPONICA FLORA-PLENA (Globe Flower). Truly year around beauty. Often called Globe Flower since the lovely durable golden flowers have a ball-like shape similar to button Chrysanthemums. Plant grows vigorously and attains a maximum height of 4 to 5 ft. Bushy in habit with many bright green stems, attractive all winter. Give it a sunny location in front of other shrubbery and its golden blooms all summer will be a pleasure. Flowers last well in water and are excellent for cutting.

DOUBLE MOCK ORANGE

HYBRID FRENCH LILACS

The most fragrant and beautiful of all Lilacs. Will flower for you the next year after planting. Hardy, grows 6 to 8 feet and does not sucker like old-fashioned Lilac. Lovely as a single bush, a mass planting is breathtaking. Your choice of colors: Red, Pink, White, Blue and Purple. **PRICES:** 18 to 24 in., \$1.25 each; 2 to 3 ft., \$1.49 each.

GOLDEN VICARY

A beautiful, compact, ornamental foliage shrub with masses of golden yellow leaves all season. Very hardy and can be kept trimmed to any desired height. **PRICES:** 12 to 15 in., 98c each; 15 to 18 in., \$1.25 each.

BURNING BUSH

Dwarf, compact shrub with large, thin-textured leaves turning to deep warm crimson in autumn. Bark is corky and spreads out in flat wings of most interesting character. **PRICES:** 12 to 18 in., \$1.69 ea.; 18 to 24 in., \$1.98 ea.

RED FLOWERING QUINCE

(Cydonia Japonica). Attractive shrub producing loads of brilliant scarlet flowers, charmingly arranged. Foliage green tinged maroon and very striking. Hardy, strong grower. Blooms first year. **PRICES:** 18 to 24 in., \$1.25 each; 2 to 3 ft., \$1.49 each.

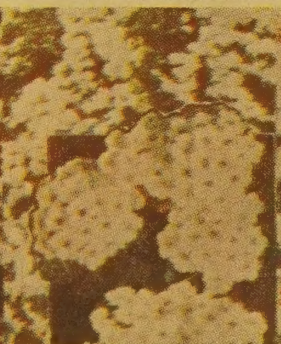

PRICES IN THIS GROUP: 18-24 in. \$1.25 ea. 2-3 ft. \$1.49 ea.

PINK WEIGELA (Weigela Rosea). Becomes completely covered with rose-pink, trumpet-shaped flowers in April and May. But it is still an ornamental asset to every yard the remainder of the summer with its beautiful green foliage on the graceful, arching branches. Weigela Rosea is an attractive shrub from early spring until late fall.

HYDRANGEA A. G. Early blooming shrub has very full and round snow-white blooms. Hardy, thrives everywhere, especially in shade. 3 to 4 ft. tall. Blooms June to August. **PRICES:** 18 to 24 in., 98c each; 2 to 3 ft., \$1.25 each.

SPIREA VAN HOUTTEI
One of the most beautiful of all shrubs. Covered with glamorous, tiny pure-white flowers on graceful drooping branches in early spring. Also makes a beautiful untrimmed hedge.

SWEET MOCK ORANGE
Mother Nature's perfume of the garden. Blooms heaviest in May and June, but orange-white blossoms can be seen during the summer. Fine for foundation and group plantings.

PERSIAN LILAC
A more profuse bloomer of large clusters of flowers than the common Lilac, and does not sprout from roots. Starts blooming the first year and grows 6 to 8 feet high. Exceptionally vigorous. Plant one near your bedroom window and wake up to its pleasing fragrance. Choose from these beautiful colors: Pink, White and Purple.

PRICES IN THIS GROUP: 18-24 in. \$.98 ea. 2-3 ft. \$1.25 ea.

SHADE TREES FOR LASTING BEAUTY

CHINESE ELM

LOMBARDY POPLAR

PIN OAK. A rapid growing tree that has no equal for street and lawn planting. If planted now it will be a great pleasure to you and for others for generations to come. The foliage is rich green, deeply cut and colors to a glorious coppery red in fall. Must be transplanted with a ball of earth on the roots, therefore, it must be shipped express collect. PRICES: Balled and Burlapped Specimens, 6 to 8 ft., \$9.00; 5 to 6 ft., \$6.50; 4 to 5 ft., \$5.00.

MORaine LOCUST (Pat. No. 836). Fast growing shade tree. A vigorous, rapid growing seedless tree shaped much like American Elm, but not susceptible to disease. No ugly, dangerous thorns and no seed pods. The leaves are so fine that when falling they practically disappear into the grass. Its branches arch up and out, giving a wide-spreading vase shape without obstructing the view or air circulation. Fine foliage makes plenty of cool shade, but lets enough sunshine through for good lawn growth. Will thrive in spite of cold, heat, or drought, on all kinds of soil. PRICE: 6 to 7 ft., \$7.50.

WEeping WILLOW. A beautiful, graceful tree with long, drooping branches, densely covered with light green leaves. Very hardy and makes the most beautiful specimen tree you have ever seen. Choose from either gold or green bark varieties. PRICES: 6 to 8 ft., \$2.95; 5 to 6 ft., \$1.95; 4 to 5 ft., \$1.49.

SYCAMORE. A rapid growing, handsome tree with a well formed head and interesting white bark. Leaves are heart-shaped. Straight, beautiful grower. PRICES: 10 to 12 ft., \$3.95; 8 to 10 ft., \$2.95; 6 to 8 ft., \$1.95; 4 to 6 ft., \$1.25.

SWEET GUM. Straight trunk, pyramidal habit with star-shaped foliage which colors brilliantly in the fall, has a corky bark and will stand wet soil as well as dry. PRICES: 4-5 ft., \$5.00 each; 5-6 ft., \$6.50 each.
